APRIL 1985

This Monday, April ~~8th~~ <sup>8th</sup>, is FAMILY NIGHT! Coordinator, HARRY FUNK encourages everyone to bring family and friends to the Fire-side Resturant for a "real thriller" scheduled to begin after the business meeting at 8 p.m. The cost, a modest \$2.00 per person, includes the show as well as refreshments for all. "Enjoy the true magic of friendship by attending," says Harry. Don't miss it!

DVCC's Treasurer, BOB JENSEN reports that last month's auction grossed \$214.00 -- 10% of which benefited the club's treasury. In addition, the club was delighted to welcome last month four new members: HOWARD POLYKOFF, SAL SERMAINA, JIM DALY, and BUDDY MENDEL. These new members are to each be congratulated for the fine induction performances they provided at the meeting.

At present, a tentative date has been established for the Upper Darby MAGICAL REVIEW: May 18, 1985. Among the scheduled performers are RICH LA BRIOLA, JOHN MC CUTCHEON, GREER CHEESEMAN, MARC DE SOUZA, SAL SERMANIA, ED WINKENS, GEORGE SPENCE, and CHARLES TREGAR. We understand there may be some last minute names which will add luster to an already sparkling line-up.

It is generally agreed that the business segment of each DVCC meeting should be streamlined to allow maximum time for members to do magic, swap ideas, and participate fully in any scheduled program for the evening. Accordingly, President DAVE KELLY requests that any new business be introduced to a member of the EXECUTIVE COMMITTEE prior to the meeting so it can be included on the upcoming agenda.

MARC DE SOUZA has graciously agreed to chair a CONSITIUTION AND BY-LAW COMMITTEE which will formally set down DVCC's policies and procedures in accordance with guidelines established by I.B.M.

The official 1985 DVCC MEMBERSHIP LIST will be available for distribution on FAMILY NIGHT. By all means, don't fail to get your copy.

QUOTES TO CONSIDER: "People want miracles.... So let grandfather, grandmother, father, mother, children and relations come to see us, enjoy our seeming miracles and go away entertained and pleased. We have transported them to a new world for a while. Human nature craves the magical." --Harlan Tarbell, The Tarbell Course in Magic, Vol. 2.
