JUNE 1985

This Monday, June 10, 1985 is GUEST PERFORMER NIGHT at the Delaware Valley Conjurers Club. Once again, the club extends a heart felt round of applause to JOHN WADE for making the upcoming program possible. Last month John contributed his time, energy, and expertise video-taping our workshop performances. This month, John has offered to provide us with a chance to enjoy MIKE AMMAR'S celebrated video presentation: WORLD CLASS CLOSE-UP. The tape runs one hour; and according to some of the best minds in magic, Ammar has produced one of the best teaching tapes currently available. We hope you will make a special effort not to miss it-- bring a deck of cards and some coins.

Word has it that AL GOSHMAN'S recent lecture in Philadelphia was a great success. EARLE OAKES, GEORGE SPENCE, ED WINKENS, and JOHN WADE were among DVCC members who attended. Club members might take note that the PHILADELPHIA MAGIC COMPANY, who sponsored Goshman's lecture, is moving to a new address: 219 Market Street. We wish them much success at their new location.

If, in the future, any club member receives word of a noteworthy lecture or magical performance taking place locally, please contact DVCC'S Recording Secretary HUNTER GAUL so that advance notice can be publicized in this newsletter. Hunter can be reached almost any day or night at 269-1531. If you have newsworthy information of any kind, please do not hesitate to call.

We are looking forward to seeing all of you this Monday night, 7:30 p.m., at the Fireside Resturant for the Ammar tape. If you can, bring a guest.

QUOTES TO CONSIDER: "One of the unwritten laws of the medical profession prohibits a doctor from keeping a secret which is likely to be of benefit to other doctors-- and therefore the world at large-- all to himself. Any secret of this kind must be shared with other members of the medical profession.

What an excellent thing it would be for magic if magicians would only consent to observe a rule of this kind. Magicians would benefit by this free exchange of ideas; the art of magic would advance toward perfection; a finer spirit of brotherhood and good fellowship among magicians would prevail." -- Will Goldston, Tricks of the Masters, 1942.
