OCTOBER 1991

Notice is hereby given that the next stated meeting of the Delaware Valley Conjurers Club will be held on Monday, October 14, 1991, at 8:00 post meridiem. There has been a slight change in plans - the contests will be next month, which gives you all the more time to practice. We decided at last month's meeting that we should have a show rehearsal for the upcoming Family Night (see enclosed flyer). Come out Monday night and you can help Director Dave Kelly critique the acts. If you can't make it Monday night, by all means try to attend the Family Night.

Here's the calendar for the rest of the year: November will be the Night of the Contests, and December will be a lecture by children's magician and ventriloquist Bob Jepson.

Well, here it is October, which means that it's time once again for one of Bob Little's semi-annual Super Sundays. This one is set for October 20, at the still fabulous Fiesta Motor Inn in Willow Grove, PA. \$17 is the cover charge. If you have questions that you think Bob can answer, call him at 215.672.3344.

Philadelphia Magic Co. has their usual full schedule of events. Mark your calendars for the following: (1) Vito Lupo will be in town for a lecture on Wednesday, November 6. (2) Spend \$20, and you can spend the afternoon with David Roth. Sunday, November 17, Mr. Roth will be here for about 5 hours to lecture, go over his old stuff, hold a Q&A session, conduct a workshop, etc. Attendance is limited to 100 people, so sign up now. (3) Spectacular III is still set for March 29, 1992. Any questions, call Marty or Danny at 215.627.5128.

Coming to a TV near you: You know all of those half-hour commercials for things that you just can't live without? There's the stuff that will remove any stain, or the thing that cooks chickens upside-down, or who-knows-what else (I guess I watch too much TV, huh?). Anyway, it was probably only a matter of time before magic was pitched this way, and Michael Ammar is doing it. He's selling a videotape of how to do some tricks, for the low, low price of \$49.95 (plus shipping & handling, and local tax where required). I can't wait to see this one. "Order now, and we'll throw in, absolutely free, this amazing Ball & Vase trick! Entertain your family and friends for hours as you show the ball disappear from the vase, appear in you pocket, and then reappear in the vase!"

Next month: November. Keep practicing for the contests.
