RING NO. SIX

Delaware Valley Conjurers Club

# Newsletter

MAY 1994

Notice is hereby given that the next stated meeting of the Delaware Valley Conjurers Club will be held on Monday, May 9, 1994, at 7:30 post meridiem. Bring us your tired, your poor, your huddled masses yearning to breathe free and see the light of day once again. Yes, it's Auction Night at the DVCC. You all have stuff you no longer perform, gathering dust in the closet somewhere, especially you Main Line guys who buy stuff and never perform it (it's just a joke, fellas - don't get offended). Bring it to the meeting Monday night and try to recoup your losses.

VCR Alert: David Copperfield is scheduled to be a guest on the Letterman show sometime next week (week of May 9). As they say, check your local listings.

Reports I've heard were that the Allentown Magic Expo was the place to be. Perhaps we'll get reports Monday night from those who attended.

Speaking of conventions, I received a nice flyer announcing the 52nd MAES one coming up (September 8 - 10). Lotta talent booked so far, including Doc Eason, Dan Fleshman, Bob King, and some unknown by the name of Marc DeSouza. Registration is \$60, but the best deal is the hotel - \$52 for a double, at the Embers Convention Center in Carlisle, PA. Contact Rick Westhafer at 717.671.9272 for more info.

## Other Up and Coming Events:

May 26 - World Magic Summit, Washington DC.

June 6 - IBM Ring 165 (Woodbury NJ) - Lecture by Steve Beam.

June 11 - Penn & Teller at the McCarter Theater, Princeton, NJ.

What with all this talk about the Information SuperHighway, I am curious as to who out there is ready and wired. Let me know your cyberspace address, and I'll publish it with the next membership directory. My CompuServe address is 72154,3413. (If the preceding few sentences make no sense to you, don't worry about it. Yet.)

As some of you lucky ones start packing for the IBM convention in Orlando in July, I am reminded of a Dave Barry observation: Disney World is nice. The rest rooms are clean enough for neurosurgery, and the employees say things like "Howdy, folks!" and actually seem to mean it. You wonder: Where do they get these people? My guess: 1952.

Next Month: June. Lecture by Jose DeLaTorre (spelling doesn't count).
