Hello friends,

What a fabulous meeting we had last month!!! If you weren't there, you missed a real winner. If you were there, I know you're working on some great tricks!

This month coming we are very proud to announce the **George Hample Lecture!** Monday, July 14th at 7:30, George will be doing his renowned lecture for us. He is a world-class magician and everyone will find something they can use. From close-up to stage, from adults to children, George is the man! I have seen him perform for real audiences many times and he kills! You don't want to miss this.

How about an incentive? The lecture is **FREE!!!** That's right, another free lecture for members and \$5.00 for non-members. You have no excuse for not coming now and **Steven Wolbach** will be doing teach-a-trick for us. He wowed us last time and I'm sure he'll do it again.

WORKSHOP FOLLOW-UP:

I want to thank Dan, Marc, Eric & Mike for doing such a great job last month! I got more compliments on this meeting than any other and we will definitely be doing it again.

To follow-up, the presenters were nice enough to give us some resources on their subjects so we can find more info...

Marc on rope:
