International Brotherhood of Magicians Ring #6
Saturday, March 29, 2003

Hello friends,

I hope you all enjoyed our very unusual lecture/meeting last month. Larry is bringing some incredible magic to the area and we both want to thank you for your support. The turn out was wonderful!!!

This month will be a real treat!!! We have the famous Pavel lecture on the 14th. If you have ever seen or heard of him, you'll be there! He will teach us some incredible magic that we will actually use! You honestly do not want to miss this!

Also, the infamous Aurellio Pontarelli will be doing the teach-a-trick segment and you know how much fun he is!

In the News...

We have a new web-site!!!!!!!!!!!! <http://www.philadelphia-magicians.org> & .com too! Our new member Greg Koorhan is designing the site as we speak and it will be worth checking out! He's a wiz at this stuff and you will see it grow and grow. Thanks Greg!

In the Area...
